School Doors To Open Soon For New Classes

Andover's public and private schools will open their doors this month to greet their new classes and all report capacity enrollments which will swell their aggregate total to about 3900.

First to answer the call of September's school bells will be the public schools and St. Augustine's which will open Sept. 9. On opening day, it is estimated from present registration, the public schools will have close to 2200 in attendance. On the opening day a year ago the attendance was 2045.

St. Augustine's will open its doors to 420 pupils, about the same number that was enrolled at the opening a year ago. The Marland school will also open Sept. 9 with the same enrollment figure as that of a year ago.

The Sacred Heart boarding school in Shawsheen Village will welcome its new classes Sept. 16 with 205 in attendance. The opening day figure a year ago was 190.

Next in line for opening will be Phillips academy on Sept. 21 when 750 boys, the largest enrollment since the immediate post war years, will report for classes. This increase has been made possible by the enlargement of some accommodations in a few of the dormitories.

Abbot academy will start its new school year Sept. 23 with 157 boarding scholars and 30 day scholars, a total of 187, the same as last year.

In some of the schools, particularly the public and St. Augustine's the attendance may be increased within a week or two with the enrollment of a few more pupils, as is usually the case each year.

Edward I. Erickson, Andover's new superintendent of schools, who will greet a record number of about 2200 pupils when the public schools open Sept. 9.

Public Schools To Open Sept. 9

The Andover Public schools will open for the fall term on Wednesday, Sept. 9. All schools will commence at the usual hours.

A full day of school will be held. The usual Wednesday early dismissal will be eliminated for the first week. However, all afternoon kindergarten classes will report on Thursday for the first time - Bradlee, Central, Shawsheen schools. Morning kindergarten classes will report on Wednesday at Central, Shawsheen and West Elementary schools.

First grade pupils will report mornings only for the first four weeks of the school year. If parents cannot transport bus children at 12 noon, they will be under the supervision of their teachers until the school bus can take them home on one of its trips.

Pay Substantial Taxes To Town

Another list of those who pay substantial real estate taxes to the town is as follows:

Lester E. and Frances W. Lynde, \$301.40; William and Mary Mackintosh, \$397.10; Alice J. Mahony, \$343.20; Mervyn M. Manning, \$328.90; Arthur and Agnes I. Margerison, \$308.; Leroy T. and Dor-

Several phases of the recent special town meeting are still the subject of inquiry among town officials and other interested citizens.

At the meeting of the board of selectmen Monday night John F. O'Connell was present to discuss the possibility of a violation of the election laws in connection with the attendance of several persons who, it is claimed, were illegally present.

Two of these, it is understood, are former Andover residents now living in Lawrence and two others are persons who now reside here

Long Heat Wave Damages Crops

The month of August which just closed with a terrific heat wave that carried over into the first days of September is likely to be known as a month of records, both hot and cold.

In the hottest spell of the summer the whole central and eastern sections of the nation sweltered in temperatures that soared for six consecutive days into the upper 90's, with the weatherman seeing no relief in sight before the weekend.

Local temperatures were reported as high as 95 and 96 during this period. At the East Boston airport several new records were set with these temperature readings: 96.4 degrees at 3 p.m. Saturday; 98.3 degrees at 4 p.m. Sunday; 97.1 degrees at 3:30 p.m.

Pupils May Enroll Today And Friday

For those who have not already done so, Punched high and junior high schools will be open for enrollment today and Friday.

Lindsay J. March, the new headmaster, will be in the school office from 9 a.m. until noon and from 2 to 4 p.m. Bernard M. Kellmurray, guidance director, will be at the school both days from 2 to 4:30 p.m.

Registrations for the Central elementary school were held this week and will continue today until 11:30 a.m. and again from 1:30 to 3:30 p.m.

Miss Janet Fieldhouse, who has been spending the summer at Star Lake, N.Y., is enjoying a visit with her parents on River rd., before returning to college.

Fire Destroys Barn In West Andover

Spontaneous combustion is given as the cause of a fire Aug. 26 which destroyed a barn and several tons of hay belonging to Sebastian and Salvatore Funari of River rd., near the Tewksbury line.

Mrs. James Murphy, who lives across the street notified the central fire station of the blaze after it was discovered by a motorist and box 77 was sounded at 3:02 p.m. The Lawrence fire department was also notified and sent an engine to the scene. After the Lawrence crew laid a water line the apparatus returned to the Andover station and filled in.

The blaze was brought under control an hour or so later but box 52 was sounded at 4:40 p.m. for additional man power to remove the scorched and soaked hay and to pick up water lines.

Deputy Chief Hilton said there were about three tons of hay in the lower section of the barn and about two more tons in the loft.

The relief was sounded shortly after 7 p.m.

Following an investigation, Deputy Chief Hilton notified the state fire marshal's office and two inspectors viewed the premises last Thursday. It was after their visit that the cause of the fire was determined.

MRS. JAMES P. WELDON
(Bachrach Photo)

At an 11 o'clock nuptial Mass in St. Augustine's church, Aug. 20, Miss Mary Virginia Cahill, daughter of Mr. and Mrs. J. Dalton Cahill, 11 Cedar rd., became the bride of James Peter Weldon, son of Mr. and Mrs. George F. Weldon, 1 Johnson rd. The Rev. Henry B. Smith, O.S.A., performed the ceremony before an altar arranged with white chrysanthemums and fern. The guest pews were marked with huckleberry sprays tied with white satin bows.

Escorted by her father the bride wore a gown of ivory blush silk taffeta fashioned with an illusion neckline outlined in Alencon lace seed pearls and sequins, a tight fitting bodice, long pointed sleeves and full skirt ending in a full cathedral train. Her full length veil of imported silk illusion fell from a matching lace cap trimmed with seed pearls and sequins and she carried a missal marked with pink

camellias and stephanotis.

The bridal attendants included Miss Jane Weldon, sister of the bridegroom, as maid of honor, Miss Cornelia Weldon, another sister of the bridegroom, Miss Helen Duffy of Randolph and Mrs. William F. O'Connell Jr., both classmates of the bride and Mrs. J. Kevin Collins of Andover as bridesmaids. All wore ballerina length gowns of champagne lace over blush pink slips styled with boat necklines and elbow length sleeves. They wore pink velvet headpieces trimmed with rhinestones, pink shoes and short white kid gloves, and carried pink chrysanthemums and English ivy.

William C. Bradley of Andover served as best man and the usher group consisted of James D. Cahill Jr., brother of the bride, J. Kevin Collins of Andover, Charles Tracy of Washington, D.C., John G. Higgins of Andover, and Joseph Frensilli of Hyde Park, the latter three being classmates of the bridegroom at Holy Cross college.

A reception in the Andover Country club followed the ceremony.

The bride is a graduate of the Country Day school of the Sacred Heart, Newton and attended Connecticut College for Women. The bridegroom attended Phillips academy and graduated from Governor Dummer academy and Holy Cross college. An ensign in the USNR he is stationed in Newport, R.I.

CANDIDATES AT NORWICH

Topsfield Fair To Open Sunday

The most exciting spectacle in the 129-year history of Topsfield Fair opens Sunday, Sept. 6 for seven days with a colorful agricultural, educational and entertainment program that is expected to attract a record attendance of more than 100,000.

Chalking up another "first" in outdoor entertainment, the sponsoring Essex Agricultural society will present the "Ice Capers of 1953", the first summer-time skating show at a New England exposition. Featuring Olympic and professional champions and an ensemble of beautiful girls in ice dancing and precision numbers, the "Capers" promises to be the greatest "gate" attraction ever booked by this oldest of America's county fairs. A gale Western Jubilee, starring Tim Holt of the movies, will be staged in conjunction with the ice show.

On the sports front it will be pari-mutuel greyhound racing nightly Monday through Saturday. Wonderland Park, Revere, is sending more than 300 of its foremost canine hotshots to the fair meeting and track speed records and mutuels marks may fall in this fourth year of dog racing at Topsfield — the only fair in the country where the greyhounds go to post.

RETURN FROM TRIP

Mr. and Mrs. John H. Grecoe of Florence st., have returned from a week's trip to Indianapolis, Ind. On return they brought with them their daughter-in-law, Mrs. Wanda Grecoe, and her one-month-old daughter, Karen, for a visit here. The trip both ways was made by plane.

Sportsman's Club To Meet Sept. 8

The monthly business meeting of the Andover Sportsman's club, Inc., will be held at 8 p.m., Tuesday, Sept. 8. The meeting will be preceded by a twilight trap shoot beginning at 6:30 p.m.

The club plans to hold its annual field day Sunday, Sept. 13 beginning at 1 p.m. Activities will include trap shooting, small bore shooting, a lucky-target shoot, a turkey swing shoot and archery.

This will be open to the public. Those attending are requested to follow Salem street into the Harold Parker forest. Signs will show the way.

Several members who went fishing off Plum Island recently reported landing striped bass. Arthur Doucette, 58 Summer st., boated one weighing 30½ pounds; John

Keith, 7 Bartlet st., one weighing 27½ pounds, and David Markert, 144 Chestnut st., one weighing 27 and another 28½ pounds. Henry Boucher was the fourth member of the party.

Several Bequests In Woman's Will

In the will of Miss Clara Josephine Baldwin, who died Aug. 20 in her home 22 Summer st., several public bequests are listed it was learned when the instrument was filed at the Salem registry of probate. The property was valued at \$12,492. Fred E. Cheever was nominated executor.

The sum of \$500 was left to the Free Christian church in memory of the woman's family, while \$200 was awarded to the Women's Alliance of that church. Miss Baldwin gave \$300 to the Andover Home for Aged People and devised \$200 each to the Andover Historical society and the And-

over Village Improvement society.

Legacies of \$250 apiece were bequeathed to Charles C. Baldwin of Pittsford, Vt., a nephew; Charlotte Baldwin Frohock of South Portland, Me., a niece; Elizabeth Baldwin Hight of Worcester, a niece and Miss Alice E. Purdy of Merrimac.

Miss Baldwin, who awarded \$300 to the South Church parish for the perpetual care of the Curtis M. Baldwin cemetery lot, gave her household furniture and furnishings and personal effects in her home at 22 Summer st., to her two nieces, who are to dispose of the articles at their discretion with Miss Purdy's aid. An old fashioned lamp with prisms was left to Mrs. Delphine H. Baldwin.

Residue of the estate was bequeathed to the nieces.

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and we'll be here tomorrow!

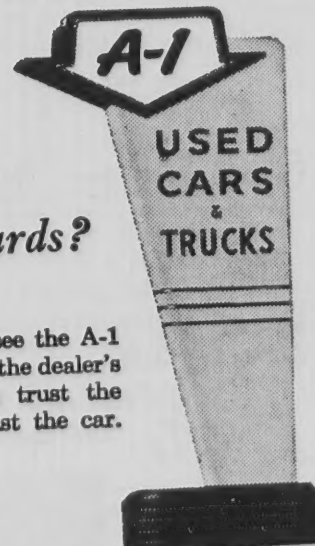

Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And, our expert Ford mechanics have the equipment and "know-how" to handle any service job.

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep these used cars moving to free our working capital. That's one reason why we offer our used cars and trucks at rock-bottom prices.

Eventually they may have the round-the-world tours to a basis where the two-week vacationer may take them.

Keleher - Sullivan

The engagement of Miss Alice E. Sullivan to John Joseph Keleher, son of Mrs. Michael E. Keleher and the late Mr. Keleher of 26 Leslie st., Lawrence, has been announced by her parents, Mr. and Mrs. Joseph M. Sullivan of 437 N. Main st.

The wedding will take place at a 10 o'clock nuptial Mass Sept. 12, in St. Augustine's church.

Miss Sullivan was graduated from Lawrence high school and the Franklin County hospital school, Greenfield. Mr. Keleher is a graduate of Lawrence high school and is attending Merrimack college.

Old Nick's Copper

Nickel-copper ores found in Saxony early in the 18th century originally were known as "Kupfer-Nickel," meaning "Old Nick's Copper." The superstitious miners gave it this name because the metal obtained could not be hammered into useful articles and they believed the devil or "Old Nick" had cast a spell over their ores. When from similar ores a previously undiscovered element was isolated by Cronstedt in 1751, he named it "nickel."

Eva M. Symonds Drawn As Juror

Eva M. Symonds, 4 Beech circle, was drawn at the meeting of the board of selectmen Monday night to serve as a juror at the session of superior criminal court opening Sept. 21 at Lawrence.

All members were present at the meeting.

After a hearing Walter A. Disbrow of Chandler rd., was granted a license to keep and store 550 gallons of gasoline in an underground tank.

The selectmen were prepared to appoint a chief of police Monday night but due to the fact that they asked some time ago, had not arrived no action could be taken. Sgt. David L. Nicoll is still acting chief. As soon as the permanent appointment is made the selectmen will request a list from which a new sergeant can be appointed.

Decorum Needed

Repercussions of last week's special town meeting on rent control are still being heard in discussions about town.

In the memory of several who have attended town meetings for many years Andover has never witnessed a more unruly session.

None can recall when it was necessary for a moderator to admonish a group of town meeting members for their outbursts of hoots and jeers at an opposition speaker, nor can they remember when a moderator had to call several times for quiet while a tally was being taken.

In the debate over a quorum an attempt to shout down the moderator followed the announcement that only 347 persons — three short of a quorum — were in the auditorium. When Mr. Sweeney, the moderator, declared that the only motion he could entertain at the time was a motion to adjourn this announcement was greeted with a chorus of "Noes" and "boos."

Some veteran observers, disinterested in the outcome of the voting but concerned in preserving the dignity and integrity of local town meetings, felt that many of those who were making it difficult for the moderator to maintain order had never before attended a town meeting and were not familiar with procedures.

After it was finally decided that a quorum was present and the article came up for consideration opponents claimed there was no shortage of rental accommodations here. Proponents of the measure made little or no attempt to prove otherwise. The better than two-to-one vote showed the majority of those present wanted rent control to remain in effect.

Comments on different phases of the session, particularly about deciding on a quorum, show a variety of opinions.

For future sessions it might be well to study the article adopted at the 1952 town meeting which establishes a quorum. It says, in part: "The number of voters necessary to constitute a quorum at any town meeting shall be 350 registered voters, provided, that a number less than a quorum may from time to time adjourn the same and provided also, that this by-law shall not apply to such parts of meetings as are devoted exclusively to the election of town officers."

There is nothing in the article to say that a particular official should determine the presence of a quorum before going on with the business of the meeting. As it stands now, someone has to question the presence of a quorum before a count is made.

Down the Years with The Townsman

50 Years Ago — September 1903

The changes in the Punchard school are nearing completion and it will be ready for occupancy next Tuesday when schools open.

Repairs on the Baptist church are progressing finely and the auditorium will soon be ready for occupancy.

Alec Ritchie of Andover won the club trophy at the Lawrence Canoe club regatta on the Merrimack river Labor day. In all, 11 prizes came to Andover. Our correspondent reported that on the grounds were bevys of pretty and charming girls gowned in light and shimmering costumes, attended by gentlemen escorts, and on the lawns were bronzed and brawny young men clad in boating costumes, determination and abundance of life visible in every expression and movement.

These are the days, we say editorially, for putting new coppering on the toes of the small boy's boots preparatory for another year at school.

Jacob Warren Barnard, one of the town's leading citizens, died in his home in Elm square Wednesday. He always took a great interest in Punchard and in 1899 established the fund to support the Barnard prizes for composition.

Patrick Gallagher, working in the bran on the Curran and Joyce estate Tuesday fell from the hay loft to the floor and was killed.

Arthur Lovejoy recently shot a fox in West Andover weighing 12 pounds.

Beginning Tuesday it will be illegal to drive a motor vehicle over the streets and roads in this state without displaying its registration number both on its lamps and on the rear of the vehicle.

A Window on Red Square, Rounds.

A picture of Russia and the Russians as seen by a young American attache in Moscow. In a series of diary entries he has selected those aspects and impressions which he felt essential to an understanding of present day Russia.

Heather Mary, Scott.

About a perilous trip across the Atlantic from England to Bermuda. A story of tension and excitement which involved the five passengers, only one of whom could sail, and the part that a dead woman, Heather, known to them all, played. An engrossing story on several levels.

King George V, Nicolson.

A well-written biography of a loved king which is more than a recall of an individual and family for it is at the same time a study of the role of monarchy in a democratic state.

Freedom's Way, McCormick.

A readable story about a young lady of court who narrowly missed the gallows and is condemned to indentured slavery in the American colonies just as the American Revolution was about to break out.

Foreign Policy Without Fear, Dean.

A clearly presented examination into the harsh realities of the world situation and a penetrating analysis of the ingredients necessary to forge an American foreign policy which reflects our faith in ourselves and in our capacity to act democratically both at home and abroad.

Rampole Place, Holt.

Social and political life in a mid-western city in the years between 1906 and 1912 and of the influence upon it of the Rampoles, Meridan's first family who lived in the exclusive residential section called Rampole Place.

The Way of Science, Somerville.

Written for young people, this may prove useful to older readers as well since it presents with

sence of mind Monday when he jumped into a runaway automobile coasting backwards down the Andover street hill and brought it to a stop inches from the closed railroad crossing gates in the center of Ballardvale just as the Boston express came into sight down the track.

great clarity what the basic methods of science are and what it means to think scientifically.

The Retreat, Newby.

A psychological story which begins with the military retreat from Dieppe and Dunkirk but has as its main concern the private escape from reality of a British flying officer, who on his way back to his wife, becomes involved with another woman.

Teacher Receives His M. E. Degree

At the commencement exercises held this month at Boston university, Herbert W. Sullivan, Andover Junior high school teacher, was the recipient of a Master of Education degree.

Before coming to Andover he taught for two years in the Groveland high school and for three years at Groton high school in Warwick, R.I.

During the past summer while completing his degree requirements Mr. Sullivan was a guest lecturer for the "Principles of Guidance" course, conducted by Dr. Walter Lifton at Boston university.

Mr. Sullivan is the son of retired Lawrence Police Officer and Mrs. Jeremiah J. Sullivan. He resides with his wife and two children at 5 Kenilworth st., Shawshen.

N. E. MANUFACTURERS' DIRECTORY AT LIBRARY

The 1954 edition of the Directory of New England Manufacturers has recently appeared and may be found in the Memorial Hall library's reference collection.

This well-known publication lists New England manufacturing companies alphabetically, geographically and by product. Information given includes such details as names of officers, product, number of employees, capital ratings, location of branch offices. Very useful, also, is the brand name section which makes it possible to identify a manufacturer when the brand name only is known.

The bearers were: Robert Stanley, Winthrop and David White, Ralph Berry, Alexander Henderson and Edwin Brown.

MYRON H. CLARK

Myron H. Clark, 72, of 30 Chestnut st., former president of the Tyer Rubber Co., and until a short time ago director of the productivity and technical assistance division of the Mutual Security Agency at Washington, died Sunday at the Emerson hospital, Concord, after an illness of several months.

A graduate of M.I.T. in 1903 he was noted for his outstanding success in securing labor-management cooperation in the organizations he managed, such as Johns-Manville corporation, U.S. Rubber Co., and Myron Clark & Associates.

He also served on the War Labor board and was engaged by the government to perform mediation and conciliation services. After World War I he was sent to France on a special study for the Army Quartermaster corps and two years ago was selected as a member of a five-man team organized by the Economic Cooperation administration to help interest French industrialists in U.S. management techniques.

He was a member of the American Management association, American Association for the Advancement of Science, national president of the Society for the Advancement of Management, the Electrochemical society, and other technical organizations.

Mr. Clark was also assistant to the president of the Crucible Steel Co., Pittsburg, Pa., vice-president of the Reading (Pa.) Iron Co., and superintendent of the Boston Rubber Shoe Co. For the past 50 years he made his home here.

He is survived by his widow, Augusta (Farnham) Clark; two sons, E. Whittredge Clark of Bedford, and Philip F. Clark of Norwich, Conn., and five grandchildren.

The funeral was held Wednesday with services in Christ church, Bedford, at 2:30 p.m. Burial was in Bedford.

Local Boys Leave For Induction

Two Andover youths were among the eight from Greater Lawrence who reported for induction Tuesday morning. This group was composed of college-age youths deferred in the past by their local draft boards to permit them to complete their studies in college.

Those from Andover were:

Donald L. M. Blackmer, 24, of 215 Main st., graduate of Phillips academy and of Harvard university in 1952. Following graduation he made an extensive tour of Europe on a fellowship award for the study of languages and post graduate work.

Gilbert Freeman Tallmage Jr., 19 Johnson rd., formerly of 140 Hamstead st., Methuen, who received his bachelor of arts degree last June from Colby college.

Punchard Squad Out For Practice

Punchard high school's 1953 football squad got in its first practice licks of the season this week when 31 candidates reported Tuesday to Head Coach Bob McIntyre.

Uniforms were issued Monday and the boys started Tuesday on their early practice schedule of morning and afternoon sessions for Monday through Friday and a morning session Saturday. This schedule will continue next Monday.

Head Coach McIntyre, starting off his first season in his new position, is being assisted by Bill Igoe of Lawrence, as assistant and Joe Normandy, director of physical ed. and junior high sports, in charge of the JV and Junior high teams.

Paul Whitley, fullback, and Paul Ostrowski, center, are co-captains for the 1953 team. Several more candidates are expected to report for practice when school opens Sept. 9.

The Punchard schedule this season is as follows: Sept. 26, Wilmington, at home; Oct. 3, Danvers, away; Monday, Oct. 12, Ipswich, at home; Oct. 17, Chelmsford, away; Oct. 24, Stoneham, away; Oct. 31, Lexington, at home; Nov. 7, Maynard, away; Nov. 14, Methuen, away; Nov. 26, Johnson, at home.

Lt. Albert Cole To Retire Sept. 8

Lt. Albert Cole of the fire department will retire from duty Sept. 8 after almost 34 years service, his retirement having been approved by a medical panel. Lt. Cole is now taking his annual vacation.

Appointed a permanent member of the department June 9, 1919, he remained for four months at the post and left, but returned again in February, 1920.

At that time members of the department worked 24 hours a day and received one day off in seven.

He was appointed lieutenant in 1924 and has served in several acting capacities of higher rank since then. For the past several years his duties have been those of inspector of fire prevention.

Plaque Will Honor Col. Samuel Osgood

A plaque honoring Col. Samuel Osgood of North Andover, the first postmaster general of the United States will be unveiled at his birthplace Saturday, Sept. 12 at 3 p.m.

Abbot Stevens, president of the Andover Historical society, will be the master of ceremonies. Many national, state and municipal government, civic and business leaders will attend.

Col. Osgood was born in the North Parish of Andover (now North Andover) in 1748. His forbears came to the New World in the early 1600's from Andover, England. The Osgood birthplace, a classic example of Colonial architecture, is located at 460 Osgood st., North Andover.

Radio Influence

Sammy's father was an ardent radio fan. Every evening he had special programs to which he listened, but of them all his favorite was a "continued" mystery thriller.

The four-year-old couldn't take it all in, but he was quite content to sit for hours in his father's lap, listening to the music and dialogue pouring from the speaker.

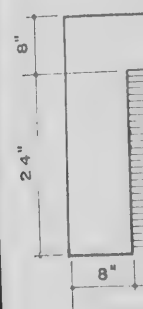

So his mother was not particularly surprised to hear him conclude his little prayer one night with the announcement:

"Tomorrow night at this time there will be another prayer!"

Boosters To Hold Outing In Maine

The Boosters club will hold its annual fall outing on Chebeague Island, Casco Bay, Me., the week-end of Sept. 19 and 20.

Reservations should be made as soon as possible by contacting Charles O. McCullom.

This is the first time the club has had an outing of this nature and a good attendance is anticipated. To date more than 20 members have signified their intention to attend.

Bisset To Aid Doherty At L. H. S.

Drummond Bisset, former Punchard quarterback, has been named one of the two assistants to aid Coach Edward Doherty in fielding the Lawrence high school football team this season.

Bisset received his degree in education at State college, Tempe, Arizona. While Doherty was coaching there he had Bisset as part time coach and also head trainer.

Bisset served with the Seabees for about five years during World War II.

Building Permits For Month Of August

Fourteen new residences will be added to Andover's long list of new homes, according to the record of building permits issued by Building Inspector Ralph W. Coleman for the month of August.

The estimated cost of new homes and garages for which permits were issued during the month is \$188,900 and the estimated cost of additions and alterations \$35,900, a total of \$224,800 for the period.

Permits for new construction were issued as follows:

Residence and Garage — Fred

W. Doyle, Chandler rd., (2); Walter and Katherine Anderson, 31 Shipman rd., Newton and Nancy Jones, Hidden rd., B. Joan Wild, Chandler rd., Maplewood Homes Inc., Westwind rd., (3).

Heavy Traffic Over Weekend

More than 7000 police officers of state and municipal departments will join forces with the inspectors of the registry of motor vehicles in control and regulation of traffic over the Labor day weekend.

The volume of traffic over the weekend holiday is expected to surpass that of any previous holiday weekend in the history of this commonwealth. With 38,000 more registered vehicles and 7500 more registered drivers operating approximately 1/4 billion more miles than a year ago, the highway situation will be hazardous unless motorists and pedestrians cooperate fully with the enforcement officers who will be on 24-hour duty over the holiday period.

Folks spend a few years of their lives forming habits—and the rest of their lives wishing they could get rid of them.

LONG HEAT WAVE DAMAGES CROPS

(Continued from Page One)

Monday.

The torrid spell which began last Friday was due, experts say, to warm winds blowing easterly over the hot middlewestern farmlands and baked dry ground.

Over the past weekend thousands sought relief at beaches and other resorts while the threat of water shortages and forest fires posed problems for state and community officials.

Acting Gov. Sumner C. Whittier in Massachusetts closed the woods at noon Tuesday when forests were reported "dry as a tinderbox."

By Wednesday 38 major blazes were reported across the state while several large forest fires raged in other parts of New England.

The prolonged hot weather has raised havoc with crops. Produce growers in the state report that losses will be close to \$5 million. Truck gardeners in Essex county see their losses mounting daily. Sunscald has ruined half of the tomato crop, sweet corn has wilted, while cucumbers and squash vines have been seared by the hot sun until they are just about worthless.

While several sections are starting to face water shortages there is little danger of a shortage here at the present time. The water in Haggatt's pond on Sept. 1 was down 50 inches, a drop of 11 inches during the month of August, yet officials feel that the situation there is better for this season of the year than it has been for a long time. The pond early this year was higher than it has been for many past springs.

Water consumption remains high but none of the daily records have been broken.

Earlier in the month, August had two long periods when temperatures were sub-normal. For the first 10 days this situation prevailed when early morning temperatures in the lower 40's were reported. Then from Aug. 11 to 16 temperatures got back to normal only to drop from the 17th to 27 into another cool period when the mercury dipped on several mornings as low as 42 degrees.

Brush Fire Burns Over Acre In Vale

About one acre of land on River street, Ballardvale, opposite Marland street was burned over by two brush fires Sunday and Monday.

Firemen were first summoned to the scene at 2:06 p.m., Aug. 30 by a still alarm and found the fire spreading through a heavy carpet of pine needles. The area was thoroughly wet down but again at 12:35 p.m., Aug. 31 were called back to extinguish the flames that had rekindled there.

Box 4 was sounded at that time. Engines 2 and 4 and the jeep responded and spent more than three hours wetting down the area.

At 7:35 p.m., Aug. 31, firemen were called to Chandler road to extinguish a fire in some rubbish that was being carried in a truck to the dump.

TOWN HOUSE CLOSED ALL DAY SATURDAY

The Town house will be closed all day Saturday on account of the Labor day holiday.

The next pay day will be Wednesday, Sept. 9, instead of the usual Tuesday pay day.

This is a queer world. While the so-called civilized people prepare for war, the savages are at peace.

PUBLIC SCHOOLS OPEN SEPT. 9

(Continued from Page One)
mentary school and West elementary school will be in operation the first day. There will be no cafeteria at the Shawsheen school for the first few days.

A meeting of the principals of the various schools will be held at the superintendent's office at 10:30 a.m., Friday, Sept. 4.

All teachers of grades 7-12, Punchard high and Junior high schools, will meet at 3 p.m., Tuesday, Sept. 8, in Punchard high school.

Detailed arrangements for the opening of schools will be discussed at these meetings.

BICYCLE RIDER INJURED

James Butler, 16, of 451 Andover st., Ballardvale, was treated for a cut over the right eye at the Lawrence General hospital about 11:20 p.m., Monday, after his bicycle struck a utility pole while he was turning from Tewksbury street into Andover street. He was taken to the hospital in the fire department ambulance.

What you want, Ford's got!

Test Drive a Ford today and you'll find it has everything you want in a car—including a price you needn't sit down to hear!

You've already noticed Ford's heart-stealing good looks on the streets around town, but they're just part of Ford's "Worth More" story. Get behind the wheel of a new Ford. Try it on the roughest roads and steepest hills you know. That's how you'll discover, as so many of your friends already have, that you could pay \$1000 more and not get as much as Ford offers you! Beautiful proof of this fact is in our showrooms now, "ready and waiting." So why not come in for a Test Drive today—all you can lose is your heart!

Want V-8 power?

Only Ford in the low-price field offers a V-8—the same type of engine America's costliest cars are swinging to. You get high-compression "go" on regular gas.

Or today's modern Six?

Ford's Six is the most modern in the industry. It's the same engine—with Overdrive—that beat all other cars regardless of price or weight in this year's Mobilgas Economy Run.

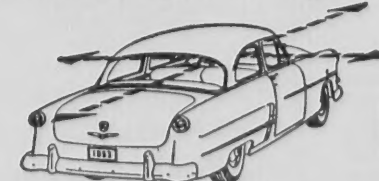

Want no-shift driving?

Fordomatic does more things for you automatically—and over a wider range—than any drive in the low-price field. Makes all driving easier.

Want a "heavyweight" ride?

Ford's new spring and shock absorber action proves a car need not carry gas-eating extra weight to give you a smooth, level ride. Foam-rubber seat cushions over non-sag springs make even long trips a treat.

Want "all-around" vision?

Ford's curved one-piece windshield and car-wide rear window give you Full-Circle Visibility. In fact, Ford gives you more glass area than any other low-priced car... and even some high-priced cars.

Want a body that's built for keeps?

Ford's Crestmark Bodies are welded where many others are bolted. And suspended clutch and brake pedals eliminate floor holes, help make Ford's hull-tight to seal out weather and noise.

Want power steering?

Ford offers the newest and finest power steering in America... yet it's the lowest-priced in Ford's field. It's called Master-Guide because all you do is guide the car—Master-Guide does the work!

Want a top price when you trade?

Check the used-car lots in your neighborhood and you'll find it's true: NO OTHER CAR RETURNS MORE OF ITS ORIGINAL COST THAN A YEAR-OLD FORD!

With 41 "Worth More" Features, Ford's worth more when you buy it, worth more when you trade it!
